NEW

There's never a queue online

Seek help from a GP at your practice using your smartphone, tablet or computer - anytime, anywhere.

We'll respond in working hours and if you need to see a GP, you'll be offered an appointment.

Otherwise, you'll get a call-back with advice, or may be asked to pick up a prescription.

Ask for a leaflet from reception or just click askmyGP from our website. It's made for everyone.
